Registration

1. **Create an account** by clicking *Register*, which is located under the *My Account* menu on the right sidebar. On the registration form, choose any username you want and enter a valid email address.
2. **Check your email** for a message containing your temporary password. Sometimes, emails from WordPress are detected as spam, so please **check your Junk Mail folder** for this message if it does not appear in your inbox.
3. **Log in** using the temporary password. The link to log in is under the *My Account* menu in the right sidebar.
4. **Change your password.** After logging in, you'll see the blog Dashboard ([sample dashboard view](#)). Click the *Profile* link in the left sidebar to access your profile settings. On the profile settings page, scroll down to the New Password fields, enter a password that you will remember, and press *Update Profile*.

Commenting on a Post

If you are in Dashboard view, click the link to visit the site in the page header. Locate the post you would like to comment on and click its title. On the following page, scroll down to the comments field, type and save your comment.

Obtaining Assistance

Please contact Iain Hadgraft at 919.962.0716 or hadgraft@sog.unc.edu for assistance.
